

Bio for Bob Murphy (For printing)

Bob is a coach and speaker who has presented around the world to hundreds of thousands of leaders on performance excellence, service, engagement, and many other leadership topics. His story-telling style combines passion, humor and straight-talk as he shares how to become a high performing organization, department, leader and employee.

Bob is a registered nurse and an attorney, currently serving as the chief of medical missions and director of international programs for a firm whose mission is to enhance the lives of the needy and alleviate poverty around the globe. This is done through short and long-term mission trips to such places as Central America, Africa, and Asia.

Murphy has had a 40-plus year career in healthcare starting as a hospital volunteer at age 13 with experience in leading pre-hospital, emergency, acute, and post-acute care. He has served as president of a large multi-specialty medical group with over 350 physicians and as senior vice president and administrator of a 492-bed hospital and trauma center. Bob also served for ten years as an executive coach and speaker for Studer Group. He was a senior leader when both Studer Group and Baptist Hospital, Inc. were awarded the Malcolm Baldrige National Quality Award.

Bob is an ordained minister and currently serves as a fire department chaplain and hospital chaplain in his community.

Bob is passionate about the pursuit of excellence, teaching and serving others.
